

## DJI OM 4 Release Notes

---

Date:	2020.08.26
Firmware:	v01.00.05.10
DJI Mimo App for iOS:	v1.4.0
DJI Mimo App for Android:	v1.4.0

---

### What's new?

- Optimized gimbal auto calibration function. Fixed phone skewing error for certain phone models. Improved user experience.
- Optimized user experience when using small phone models (such as the iPhone SE 2).
- Fixed some minor bugs.

### Notes:

- If the update fails, restart DJI OM 4 and DJI Mimo, re-connect the mobile phone's Bluetooth, and then retry.
